

# Blood Drunk

## Glamour of the Kill

I'm insane, I'm insane  
With a thirst for blood  
I want more, more, more  
I can't stop  
'Cause it's never enough

I'm insane  
With a thirst for blood  
I want more, more, more  
I can't stop  
'Cause it's never enough

Can you feel my hands around your throat?  
Can you feel my grip get tighter?  
I watch the life drain from your eyes  
It takes my heart rate higher  
(Heart rate higher)

I tried so hard to be like everybody else  
It's so hard to be myself

I Can't hide  
This life  
'Cause it's already wasting  
I've got my enemies in sight  
(Can't hide)  
I've got my demons in my mind  
(This life)  
'Cause it's already wasting

Die, die  
I've got my enemies in sight  
Die, die  
I've got my demons in my

Feel my blade cut into your flesh  
I feel it getting deeper  
It slowly drives into your chest  
Can you take the pressure?  
(Take the pressure)  
I tried so hard to be like everybody else  
It's so hard to be myself

I can't stop 'cause it's never enough

I Can't hide  
This life  
'Cause it's already wasting  
I've got my enemies in sight  
(Can't hide)  
I've got my demons in my mind  
(This life)  
'Cause it's already wasting

Die, die  
I've got my enemies in sight  
Die, die

I've got my demons in my mind

I Can't hide

This life

'Cause it's already wasting

I've got my enemies in sight

(Can't hide)

I've got my demons in my mind

(This life)

'Cause it's already wasting

Die, die

I've got my enemies in sight

Die, die

I've got my demons in my
