

# The Summoning

## Glamour of the Kill

A whisper from my soul  
Calling from the road  
I saw my chance in front of me  
Gonna be all the things I wanna be  
And I know in time you'll see

Countless times told I was wrong  
I watched others quit whilst I carried on  
(Carried on my way)  
There is nothing else that I can do  
I told you I would see this through  
Live your life till the end  
I won't ever change and I'll never regret  
Always follow your heart  
If you never try then you'll never get far

So far from my home  
It's harder than you'll know  
But I'm being everything I wanna be  
Seeing everything I wanna see  
And I won't forget a thing  
I think of those I left behind  
They went their way and I went mine  
(I went my own way)  
I chose my path I left it all  
I live my life for rock and roll

They told me to change  
But I don't know any other way  
Gotta stay true to what you believe in  
And I stand the same  
I couldn't be any other way  
Gonna stay true to what you believe in  
I chose my path I left it all  
I live my life for rock and roll

The story's just begun  
My battle's far from won  
Along world lies an enemy  
But the end is not too far to say  
I know this wouldn't be easy

I chose my path I left it all  
I gave my life to rock and roll  
Live your life to the end  
I will never change and I will never regret  
Always follow your heart  
If you never try then you'll never get far

I said from the start  
Just follow your heart  
You'll see that there's no stopping me  
I said from the start  
Just follow your heart  
You'll see that there's no stopping me
