

let's take a break from this
so you can quickly start with that
if i could show you how i feel right now
maybe it's jealousy
maybe it's me knowing i couldn't be there for you
i've never felt that way
close your eyes and make a wish
so we can end this final chapter
this book has waited to long to close
please end this final chapter
maybe it's just me realizing i didn't know you
i just craved you
maybe i did know you but it was just time before you
realized no matter how much i would give you
you would always want more with me
tried to capture as much happiness
i've never felt that way
and i'll be the first one to say i told you so
before you continue to confuse me
before i continue to confuse me
i wish i could relive our good days in replay
