Tewt

Glassjaw

Times ten, times ten..
That's what lying with my results said
Me enigma call myself
Half what's missing full eye
What's missing tonight.

You think im missing
You must be getting sold.

That's why im so
That's why im so sad
That's why i
I am so sad

I said, I said
Soon enough well all be dead
The enigma call myself
Half what's missing full eye
What's missing tonight.

You think im missing
You must be getting sold.

That's why I am so
That's why I am so sad
That's why I.. I am so sad.

Times ten, times ten

You think I'm missing
You must be getting sold

That's why I am so
That's why I am so sad
That's why I.. I am so sad.

Times ten
