

## Blue Christmas

Glee Cast

I'll have a blue Christmas without you  
I'll be so blue just thinking about you  
Decorations of red on a green Christmas tree  
Won't be the same if you're not here with me

And when those blue snowflakes start falling  
That's when those blue memories start calling  
You'll be doing alright with your Christmas of white  
But I'll have a blue, blue blue blue Christmas

Decorations of red on a green Christmas tree  
Won't be the same if you're not here with me

I'll have a blue Christmas, that's certain  
And when that blue heartache stops hurting  
You'll be doing alright with your Christmas of white  
But I'll have a blue, blue Christmas
