

## My Man

Glee Cast

Oh my man I love him so  
He'll never know  
All my life is just despair  
But I don't care  
When he takes me in his arms  
The world is bright, alright

What's the difference if I say  
I'll go away  
When I know I'll come back  
On my knees someday  
For whatever my man is  
I am his forever more
