

Pumpin Blood

Glee Cast

Hey heart on the road again
Moving on forward
Sticks and stones won't break our bones
We're in the car on the highway
It's a magical feeling that no one's got a hold
You're a catalyst to your happiness you know

This is your heart, it's alive
It's pumpin' blood
And it's your heart, it's alive
It's pumpin' blood

And the whole wide world is whistling
And it's whistling

Hey, heart on the run again
Driving strong onward
Sticks and stones won't take its course
Got the part in the front seat

It's the best and worst feeling
Like nothing can go wrong
Yeah you're the decider of the world
That you will get to know

Cause it's your heart, it's alive
It's pumpin' blood
And it's your heart, it's alive
It's pumpin' blood

And the whole wide world is whistling

Hey heart on the road again
On the high way, on the highway
Hey heart on the road again
On the highway, on the highway

Cause it's your heart, it's alive
It's pumpin' blood
And it's your heart, it's alive
It's pumpin' blood

And the whole wide world is whistling (Oh, ooh)

It's whistling (It's whistling)
It's whistling (Oh, ooh)
It's whistling

And the whole wide world is whistling
