

## What Kind of Fool

Glee Cast

There was a time when we were down and out.  
There was a place when we were starting over.  
We let the bough break  
we let the heartache in

Who's sorry now?  
There was a world when we were standing still -  
And for a moment we were separated. -  
And then you found her  
you let the stranger in

Who's sorry now  
who's sorry now?  
What  
what kind of fool tears it apart

Leaving me pain and sorrow -  
Losin' you now

Wondering why. -  
Where will I be tomorrow?

There was a time when we were down and out  
...  
What  
what kind of fool tears it apart

Leaving me pain and sorrow -  
Losin' you now.  
How can I win -  
Were will I be tomorrow?

Was there a moment when I cut you down

Played around.  
What have I done only apologize for being as they say  
The last to know -  
It has to show when someone is in your eyes.  
What kind of fool tears it apart
