

# You And I / You And I

Glee Cast

It's been a long time since I came around  
Been a long time but I'm back in town  
This time I'm not leaving without you

Just you and I  
Sharing our love together  
And I know in time  
We'll build the dreams we treasure  
We'll be all right, just you and I

Something, something about this place

Just you and  
Just you and I

Something 'bout lonely nights and my lipstick on your face

Just you and I

Something, something about my cool Nebraska guy

Yeah, something about, baby, you and I

Just you and I

Just you and I

Sharing our love together

And I know in time

And I know in time

We'll build the dreams we treasure  
We'll be all right, just you and I

Something, something about this place

Just you and  
Just you and I

Something 'bout lonely nights and my lipstick on your face

Just you and I

Something, something about my cool Nebraska guy

You and I

Yeah, something about, baby, you and I

Oh, You and I  
And I remember our first embrace  
That smile that was on your face  
The promises that we made

And now, your love is my reward

And I love you even more  
Than I ever did before

Something, something about this place

Just you and  
Just you and I

Something 'bout lonely nights and my lipstick on your face

Just you and I

Something, something about my cool Nebraska guy

You and I

Just dreams of

From Nebraska

From Nebraska

From Nebraska  
Nebraska

I love You  
You, you and I  
You and I

Nebraska

You and I  
I love you  
You and I

We made it  
You and I
