

## Both Sides Now

Glen Campbell

Bows and flows of angel hair ice cream castles in the air  
Feathered canyons everywhere I'd look at clouds that way  
Now they only block the sun they rain and snow on everyone  
So many things I could have done the clouds got in my way.

I'd look at clouds from both sides now  
From up and down and still somehow  
It's cloud delusion I recall  
I really don't know cloud at all.

Moons and Junes and fairy squeels dizzi dancing way you feel  
Is every fairytale complete I'd look at love that way  
Now that's just another show we've been laughing when you go  
If you care don't let them know don't give yourself away.

I'd look at love from both sides now  
From give and take and still somehow  
It's love delusion I recall  
I really don't know love at all.

Tears and fears and feeling proud say I love you right out loud  
Dreams and schemes and circus crowds I'd look at life that way  
Now old friends are acting strabge they shake their heads they  
say I'd change  
Something's lost and something's gained in living every day.

I'd look at life from both sides now  
From win and lose and still somehow  
It's life delusion I recall  
I really don't know life at all...
