

## Christmas is for Children

Glen Campbell

Christmas - is for children  
Just for children  
Grown up's save

Santa's found the chimney  
That's for children  
Like the reindeer  
And the sleigh

That same tale is told  
Every Christmas Eve again  
We may think we're old  
But our hearts can almost believe again

Christmas - is for children  
But aren't we all children  
Christmas day-ay-ay

That electric train  
That no one could tempt papa with  
Will someone explai-ain  
Why it's all that papa will bother with

I guess Christmas - is for children  
But aren't we all children  
Christmas day...
