

# Count on Me

Glen Campbell

If your plans work out  
You know I only wish you the best  
But if you uses just half of your love  
Give me the rest  
I'll take it

If you will make a choice  
So I would'nt try to stand in your way  
I'll just be keepin' my fingers crossed  
Might even pray  
That he'll let you go

If you need love  
You can always count on me  
To do what it's best for you  
Say what you want me to

If you need love  
And he doesn't keep you feeling good  
And you know you're misunderstood  
Think of what we used to be  
You can always count on me

And if you're passing by  
Don't hesitate to knock on my door  
You can tell him I'm someone  
You feel sorry for  
It's all right

Just introduce me to  
The stranger who has taken my place  
I'll keep my loneliness covered  
Put my pain in it's place  
And he'll never know

If you need love  
You can always count on me  
To do what it's best for you  
Say what you want me to

If you need love  
And he doesn't keep you feeling good  
And you know you're misunderstood  
Think of what we used to be  
You can always count on me

'cause if you need some love  
You can always count on me  
To do what it's best for you  
Just say what you want me to

Girl, if you need love...
