

Second Street North

Glen Campbell

got an easy place, to be
in my arms, yeah in my arms
got a simple space to feel free,
in my arms, yeah in my arms

keep it on the recent
keep it on the now
give me an easy way out

its a lovely world that I got
in my arms, baby in my arms
got a lot of room to get lost
in my arms, baby in my arms

keep it on the recent
keep it on the now
give me an easy way out

keep it on the recent
keep it on the now
give me an easy way out

got an easy place to be
in my arms, baby in my arms
you got nothing to fear, from me
in my arms, baby in my arms

in my arms, baby in my arms
