Second Street North

Glen Campbell

got an easy place, to be in my arms, yeah in my arms got a simple space to feel free, in my arms, yeah in my arms

keep it on the recent keep it on the now give me an easy way out

its a lovely world that I got in my arms, baby in my arms got a lot of room to get lost in my arms, baby in my arms

keep it on the recent
keep it on the now
give me an easy way out

keep it on the recent
keep it on the now
give me an easy way out

got an easy place to be in my arms, baby in my arms you got nothing to fear, from me in my arms, baby in my arms

in my arms, baby in my arms
