

# There's No Me... Without You

Glen Campbell

The sun doesn't have to shine  
It doesn't matter what I do  
There's no me without you  
We never have to be afraid  
Heaven is a place for two  
There's no me without you

We shall be forever two  
There's no me without you

Once upon a lonely day  
God came thru  
He blessed me with you  
I'm never gonna fade away  
Your love won't allow me to  
Can't you see?  
I love you

We shall be forever two  
There's no me without you
