

## Together Again

Glen Campbell

Together again my tears have stopped falling  
The long lonely nights are now at an end  
The key to my heart you hold in your hand  
And nothing else matters 'cause we're together again

Together again the gray skies are gone  
You're back in my arms now where you belong  
The love that we knew is living again  
And nothing else matters 'cause we're together again

Together again my tears have stopped falling  
The long lonely nights are now at an end  
The love that we knew is living again  
And nothing else matters 'cause we're together again  
No nothing else matters 'cause we're together again
