

## Up Where We Belong

Glen Campbell

Who knows what tomorrow brings  
In a world, few hearts survive  
All I know is the way i feel  
When it's real, I keep it alive

The road is long, there are mountains in your way  
But we climb a step every day

Love lift us up where we belong, where the eagles cry  
On a mountain high  
Love lift us up where we belong, far from the world  
We know, up where the clear winds blow

Some hang on to used to be  
Live their lives, loking behind

All we have is here and now  
All our life, out there to find

The road is long, there are mountains in our way,  
But we climb them a step ev'ry day

Love lift us up where we belong, where the eagles cry  
On a mountain high  
Love lift us up where we belong, far from the world  
We know, up where the clear winds blow

Time goes by, no time to cry, life's you and I  
A live today

Love lift us up where we belong, where the eagles cry  
On a mountain high  
Love lift us up where we belong, far from the wolrd  
We know, where the clear winds blow
