

Woman, Woman

Glen Campbell

Woman oh woman have you got cheating on your mind on your mind
There's something wrong between us that your laughter cannot hide

And you're afraid to let your eyes meet mine

And lately when I love you I know you're not satisfied

Woman oh tell me woman have you got cheating on your mind on your mind

I've seen the way men look at you when they think I don't see

And it hurts to have them think that you're that kind

But it's knowing that you're looking back that's really killing me

Oh woman oh tell me woman have you got cheating on your mind on your mind

A woman wears a certain look when she is on the move

And a man can always tell what's on her mind

I hate to have to say it but that look's all over you

Oh woman oh tell me woman have you got cheating on your mind

Oh woman oh tell me woman have you got cheating on your mind
