

You've Still Got A Place In My Heart

Glen Campbell

If the one you'd think is true
Ever turns his back on you
Baby, you've still got a place in my heart

If the years should make you cry
Darlin', give me one more try
For you've still got a place in my heart

If I'm a fool to pray
That you'll come back some day
Then I'll know a million fools
That love has made that way

So darling, don't forget
I've been your fool since we first met
And you've still got a place in my heart

So darling, don't forget
I've been your fool since we first met
Baby, you've still got a place in my heart
Darlin', you've still got a place in my heart
