

What Are We Gonna Do

Glen Hansard

What are we gonna do
If we lose that fire
What are we gonna do
If you start to doubt
If that fire goes out

I don't wanna lose you
To some bullshit hurt that could've been helped
I'm tryna tell ya something
A good, good heart is your greatest wealth

So what are we gonna do
If we lose that fire
What are we gonna do
If you start to doubt
If that fire goes out

I don't wanna change ya
But you're a long, long way from the path you came
I'm tryna show ya something
And a good, good heart will always find a way

So what are we gonna do
If we lose that fire
What are we gonna do
If you start to doubt
If that fire goes out
