

## You Will Become

Glen Hansard

In time this won't even matter  
This chapter will be long on the grass  
And we'll talk about everything 'til it's easier  
Your beauty is nothing compared to what

You Will Become  
You Will Become  
You Will Become  
In time become

And we talked about talk of a gold ring  
And you brought me one step closer to the heart of things  
We talked about everything 'til we laughed about it  
Your honesty is nothing compared to what

You Will Become  
You Will Become  
You Will Become  
In time become

In time you won't even notice,  
this chapter will belong on the grass.  
We'll talk about everything 'till it's easier.  
Your beauty is nothing compared to what

You Will Become  
You Will Become  
You Will Become  
You Will Become  
You Will Become  
In time become
