

# Everything But You

Glen Phillips

I don't know what to say, I don't know what to do  
Everything seems lost, everything but you  
I'm not sure what it takes, I'm fuzzy on the rules  
And everything's so dark, everything but you

I've forgotten how to pray, forgotten what was true  
And everything feels bought, everything but you  
The battle of the bands, the rattle of the news  
And everything's so smart, everything but you

Take me to the town for torture  
Break me on the wheel of fortune  
All this entertainment's no good  
It just leaves me hungry for you

And I'm fuckin' up the words, murderin' the tune  
And everything's so slack, everything but you  
I'm not sure what it takes, someone's gotta choose  
And everything's sewn up, everything but you  
Everything's enough, everything but you

take me dancing, pale and knock-kneed  
Spin me through the crowd and drop me  
Dizzy in the middle of the floor

And oh my god, you terrify me  
Oblivious you blow right by me  
Spinnin' wine and melted ice cream  
Random, warm, and mesmerizing

You terrify me, you are everything  
You terrify me, you are everything  
You terrify me, you are everything  
You terrify me

I'll just stick to what I know, I'm proud to be a fool  
And everything's too much, everything but you  
And everything's a crutch, everything but you  
Everything but you...
