

# A Walk in the Dark

Glenn Frey

It's long after midnight and the city sleeps  
We're driving alone through the park  
Somehow I just don't feel like going home  
Let's take a walk in the dark  
Don't be afraid of what you can't see  
Follow the road in your heart  
Don't be afraid you'll be safe with me  
Let's take a walk in the dark  
There's not one soul in the park  
Let's take a walk in the dark  
This is the way I want to dance with you  
Silhouettes beneath the moon and stars  
This is the night I've always dreamed about  
Let's take a walk in the dark  
I wrap my arms around you  
Your heart beats next to mine  
I can feel you breathing  
In and out of time  
Feel the gentle motion  
Softness of your skin  
Surrender to the rapture deep within  
There's not one soul in the park  
Let's take a walk in the dark  
Follow the road in your heart  
Let's take a walk in the dark  
A walk in the dark  
He dreams of love  
One night of love
