

Same Girl

Glenn Frey

You're still the same girl you always were
You're still the same girl you always were

A few more nights on the street, that's all
A few more holes in your arm
A few more years with me, that's all

You're still the same girl

The same sweet smile that you always had
The same blue eyes like the sun
The same clear voice that I always loved

You're still the same girl
That I love
