She wears a blood red rose Her face she never shows Through the doorway to the window In the light A vision in a dream And I don't know what it means Is it my imagination Or is it you? Blue Jade comes to my room She won't go Gold shade covers the moon And I don't know about blue Jade Is it fate or destiny? Only she does hold the key Fallen angel I am driven to your side From the moment you are here I'm a man without a fear You're the reason, my religion You're my guide Blue Jade comes to my room She won't go Gold shade covers the moon And I don't know about blue Jade And when she comes to me Lord I never wanna be Broken hearted Disillusioned by her smile And I know it just can't be When I hear your symphony Am I sleeping? Is this really in my mind? I can feel and I can see Every time she comes to me And I just can't believe You're in my life Blue Jade comes to my room She won't go Gold shade covers the moon And I don't know Blue Jade comes to my room She won't go Gold shade covers the moon And I don't know Blue Jade Blue Jade Blue Jade Blue Jade
