Coast To Coast

Glenn Hughes

Goin' today, just passin' The road I know so well Seems the more I ride you You give me more, you'll tell And if I try, soon it will show To keep me strong And know that I've had times So good from coast to coast Leavin' my hard times behind, behind And if I try soon it will show To keep me strong And know that I've had time So good from coast to coast Leavin' my hard times behind Oh, I love the coast I love the coast Oh, yeah, oh yeah I love the coast, oh yeah
