

# Don't Look Away

Glenn Hughes

If I could give you something  
I would give my soul to you  
And I would never leave you  
Now what am I to do?  
The valley that we walk through  
Is filled with all despair  
And life is a lonely river  
But I'll be waiting there  
Be still, be here, don't hide from me  
Just try to be the one that you can  
Time to remember and try to discover  
Don't look away  
The elevator moves so slowly  
And I can hardly catch my breath  
And I would never scold you  
I'll see it through  
Be still, be here, don't hide from me  
Just try to be the one that you can  
Time to remember and try to discover  
Don't look away  
I would give my soul to you  
All the time, baby  
Be still, be here, don't hide from me  
Just try to be the one that you can  
Time to remember and try to discover  
Don't look away  
Oh, there, be there, there, there  
Still, be here, don't hide from me  
Just try to be the one that you can  
Time to remember and try to discover  
Don't look away, don't look away  
Don't look away, don't look away  
Jag älskar dig  
(Don't look away)  
Jag behöver dig nu  
(Don't look away)  
Min lilla blomma  
(Don't look away)  
Jag älskar dig  
Jag behöver dig nu  
(Don't look away)  
Min lilla blomma  
Min lilla blomma  
Min lilla blomma  
Jag älskar dig, älskar dig
