Down

Glenn Hughes

Yeah Yeah Well, I'm feelin' like you took me in Wrapped your cursed magic over me, well, I'm holding my day If you vow to never cross my path I'll give you back the shame, so you could see I'd rather be dead Deep down inside your dream The evil that you make You put my life on trial It's a chance I have to take Too late the rhapsody That plays inside my head It's dark before the dawn My eyes are burnin' red I've been down is where you left me I've been down, I do not belong Down, won't somebody help me? Down, I did you no wrong In your world that's hid by tinted glass You lie behind the fragments of yourself, oh yeah In an empty room, you hide behind the smile That pulls me back time and time again The pistol's in my hand I have to let you know I put you in the ground Now I have to let you go The serpent that I ride Has put a grip on me My pain is glorified Why can't you let it be? I've been down is where you left me I've been down, I do not belong Down, won't somebody help me? Down, I did you no wrong Down Down Down Down Down Down Deep down inside your dream The evil that you make You put my life on trial It's a chance I have to take Too late the rhapsody That plays inside my head It's dark before the dawn My eyes are burnin' red Down is where you left me I've been down, I do not belong Down, won't somebody help me? Down, I did you no wrong Down is where you left me Down, I do not belong Down I've been down, I've been down Tištěno z www.txp.cz
