

Hey Buddy (You Got Me Wrong)

Glenn Hughes

I want to tell you all a story...
Check it out

Hey buddy you got me wrong
Hey buddy you got me wrong
I don't want to see ya
So won't you please be gone

Hey mister get out of my way
Hey mister get out of my way
I don't want to see ya
'Cause you've got nothing to say

I saw you in the corner
Just the other day
I just turned my head
Looked the other way
Hey buddy you have got me wrong
I don't want to see ya
Won't you please be gone

Hey buddy you got me wrong
Hey buddy you got me wrong
I don't want to hear it
So won't you please be gone

Hey buddy you got me wrong
Won't you please be gone
Hey buddy enough today
Get out get out of my way

Hey buddy you got me wrong
Hey buddy you got me wrong
I don't want to hear it
So won't you please be gone

I saw you in the ball game
You thought I looked okay
You got in my face
And I missed to tell you blame
Hey, hey buddy you got me wrong
I don't wanna see ya
So won't you please be gone

You gotta tell me something
Can't be for real
You know you blow my mind
Hey mister, what's the deal?
Hey buddy you got me wrong
You know, I don't wanna hear ya
So won't you please be gone

Hey mister get out of my way
Hey mister get out of my way
I don't want to see ya
Get out, go home, get out, get out of my face
