## Neverafter

**Glenn Hughes** 

I've been walkin' in these shoes Now I just want to bring you the news I feel the karma comin' on And I don't want to be here alone I am from another world Connected to the wire Communication, I spill the wheel But you just want to know if I'm real! I feel the goodness, cut like a knife That's how I'm gonna live my life And I don't know I might have been A victim of denial Do you receive the stone From your master? Do you believe, in life neverafter? I'm not the same boy I used to be Now there lives a man inside of me Great expectations burn deep within And I just want to see you again And I cry to be strong I can tell something's wrong I've been here all along
