

# Satellite

Glenn Hughes

I know a man Worked his life away He's the one who set me free  
I'm on my knees to pray The kinda' man I hope to be

Satellite, Didn't mean to shoot you down Satellite, You no longer  
can be found

Hopelessness, have I done too far? Nothing left but nothingness  
I can see where you are When you fall

The omen that was left for me To live my life with honesty, Goes  
down yeah You only want to plant the seed You never want this  
symphony To fade away
