

So Much Love To Give

Glenn Hughes

Won't you sit yourself down And ease your mind Got to hold, oh
my love I'll treat you kind I will bring the water So that you
may live Cause I've got so much love to give

Let me kiss you again What will be, will be Let me love you and
then Will you stay with me? Cause this is my life My life can'
t you see And I've got so much love to give So much, so much to
give

Oh, so much ... And I've got so much love to give Now I ask you
my love Why can it be Thank you for loving a man like me Cause
you gave me water So that I could live And I've got so much lo
ve to give So much, so much to give

So much, so much baby I've got so much love to give Talk to me
baby, talk to me baby And I've got so much love to give And I'v
e got so much love to give So much baby
