

We Shall Be Free

Glenn Hughes

When I was out and down Shackled by cold dark redemption I got
the moon and sun Shinin' like never before I'm gonna hit the gr
ound I been released from the tension And I don't need no gun D
on't wanna fight it no more

The vertigo, the fatal blow Awaken me, it's always the same

But now you come to me And you wanna ask me a question And how
it's gonna be Long is the road in your life

Inside of me, I finally see The loneliness is gone like a frien
d

You make me sing Just like a hummingbird There's gonna be a cha
nge in the weather Inside this craziest dream That I ever did h
ave Now I know, we shall be free

I feel the afterburn into a flame like an ember And now I gotta
go It's all that you want, Hear me sigh You know it's my conce
rn I just want to remember And this is all you need You won't e
ver know so you try
