

# A Fool's Affair

Glenn Medeiros

Forgive my emotions  
I can't control them tonight  
It's been so wrong  
Now it's so right  
I feel you shaking  
I'm shaking too  
Just like before  
It's always been you

We're playing with fire  
We both know  
No way to hold on  
No way to let go  
We can't let this chance go by  
We are here and love's so right  
Tonight's the night  
Feel it all is so right for a fool's affair  
Time after Time we're two of a kind  
For a fool's affair  
And when we dare  
to catch the wind  
Well love comes again  
For those who share  
A fool's affair

Feels so good together  
I want to touch you again  
Fill up my dreams  
Let me pretend that  
We have forever  
When we know it's not true  
But as long as love meets  
It'll always be you
