

# Cracked Up

Glenn Medeiros

Oh yeah!...a-ha!  
You think about it when the sky becomes darkening  
You think about it when the sun comes out again  
You think about it, in the middle of the day  
You should know better than that!

You say you got it all completely under control  
But you keep on wanting more and more and more...  
You should know better than that!

It makes you crazy, every time you give in  
That's no way to live!

And it's not all  
It's cracked up to be  
When your heart calls out  
Calls out to be free  
But you're trapped inside this prison you can't see  
It's not all  
It's cracked up to be!

Two in the morning and you're reaching for your drug  
You would deny it as your life goes up in smoke  
You try to hide it  
But you can't hide it from me

I know you better than that!

So if you call me  
Baby, I will be there  
Don't you know I care?

And it's not all  
It's cracked up to be  
When your heart calls out  
Calls out to be free  
But you're trapped inside this prison you can't see  
It's not all  
It's cracked up to be!

The circle of friends will get smaller and smaller  
The walls around you taller and taller  
I'll always love you  
That will always be  
But this world you live in  
It's not all  
It's cracked up to be

So if you call me  
Baby, I will be there  
Don't you know I care?

And it's not all  
It's cracked up to be  
When your heart calls out  
Calls out to be free  
But you're trapped inside this prison you can't see

It's not all  
It's cracked up to be!

It's not all  
It's cracked up to be!
