

# Heart-Don't Change My Mind

Glenn Medeiros

We said we'd try again  
But tryin's not enough  
Acting like strangers ain't no way of making love  
It's never gonna work  
It's time to stop pretending  
Time to turn the page  
All stories need an ending  
It makes no sense to stay  
Livin' my life in yesterday  
I'm leavin' I'm leavin' and I'm beggin' you

Heart don't change my mind  
Oh heart be strong this time  
And try to help me tell her goodbye  
It'll only bring pain for us to stay  
Oh heart it's hard for you I know  
Let me let her go

Don't let me think about  
How good it was before  
I know you'll try anything  
to keep me from that door  
It's hard to leave her when  
You've loved her for so long  
Now how can I walk away  
If you're still holdin' on now

I finnally found the strenght  
Look at me I can finnally say it's over, it's over  
So I'm beggin' you

Heart don't change my mind  
Oh heart be strong this time  
And try to help me tell her goodbye  
It'll only bring pain for us to stay  
Oh heart it's hard for you I know  
Let me let her go

It makes no sense to stay  
Sad that it has to end this way  
It's over, it's over

Heart don't change my mind  
Oh heart be strong this time  
And try to help me tell her goodbye  
It'll only bring pain for us to stay  
Oh heart it's hard for you I know  
Let me let her go
