

Not Me

Glenn Medeiros

It isn't over until it ends
Sayin' you're sorry is better than just being friends
Sayin' it's over is so hard to do
When "I love you" is in the way

Not me
I won't be the one to say goodbye
I won't be the one who didn't try to stay together
Not me
I won't be the one who lives a lie
Who says goodbye when I'm in love with you

There's always a sad and lonely day
There's always a time you wonder should I go or stay
But I'm a believer and I keep hangin' on
When things go wrong I see it through

Oh, not me
I won't be the one to say goodbye
I won't be the one who didn't try to stay together
Not me
I won't be the one with foolish pride
Who tries to hide that I'm in love with you

Nothin's forever but until that day
I won't walk away I'll be with you
Oh

Not me
I won't be the one to say goodbye
I won't be the one who didn't try to stay together
Not me
I won't be the one who lives a lie
Who says goodbye when I'm in love with you

Oh, not me
I won't be the one to say goodbye
I won't be the one who didn't try to stay together
Not me
I won't be the one with foolish pride
Who tries to hide that I'm in love with you
