

# You're My Woman, You're My Lady

Glenn Medeiros

I love you...

I wonder why you keep asking me to try  
When you know I'm risking everything we had  
It gets harder everyday  
You don't stand in my way  
You're just there for me, holding my hand  
You give your love, you understand

You're my woman, you're my lady  
I know I wouldn't last a day without your love  
When I hold you in my arms at night  
I kiss your lips, you feel so right  
You're my woman, you're my lady  
I'm sure I couldn't last a day without your love  
You're a friend to me, you hold my hand  
You give your love, you understand me

And when you cry, I see love in your eyes  
I think of every minute that we shared  
With you here right by my side  
I won't give up 'til I die  
'Cause you're there for me, holding my hand  
You give your love, you understand

You're my woman, you're my lady  
I know I wouldn't last a day without your love  
When I hold you in my arms at night  
I kiss your lips, you feel so right  
You're my woman, you're my lady  
I'm sure I couldn't last a day without your love  
You're a friend to me, you hold my hand  
You give your love, you understand me
