Cruise Control

Glenn Tipton

Sinking
I'm sinking deeper every day
I don't care
I don't care
I'm outta here
Seems to me it's time to taste
Some different air
And get outta here
Caughtup in the routines
Really nothing much to loose
So risk it all and
Just cut loose
Put your life in cruise control
Set your course and let it go
And you
Might find a better way
Tomorrows looking pretty grey
Say a prayer
Cos I've been there
About as welcome as acid rain
So do you dare
Get outta there
Never take a look back
Never say that it's too late
Pull the plug
On yesterday
Put yourself in cruise control
Set your course and let it go
And you
Might just find a better way
Never take a look back
Never say that it's too late
Step on the gas
Accelerate
Choking
Set your course and let it go
Put your life in cruise control
Set your course and let it go
