

Himalaya

Glenn Tipton

Cities in the sky
Secrets locked inside great minds
Hold answers to all the mysteries of time
Walk amongst the clouds
Listen to the mountain sounds
Speak gigaically
And tell me how it ought to be
Awake inside
Learn that you can find
Every single thing
You ever left behind you
Look into the sun
Raise your voice and say
Oh! Oh!
You gave me strength
And Killed me fear
You answered my prayer
