Cities in the sky  
Secrets locked inside great minds  
Hold answers to all the mysteries of time  
Walk amongst the clouds  
Listen to the mountain sounds  
Speak gigaically  
And tell me how it ought to be  
Awake inside  
Learn that you can find  
Every single thing  
You ever left behind you  
Look into the sun  
Raise your voice and say  
Oh! Oh!  
You gave me strength  
And Killed me fear  
You answered my prayer
