

# Corps Of Doom

Gloomy Grim

Corps of doom, attack!

The attack to their holy land  
won't hurt anyone  
Lives of the living dead  
are worth of anything

They should be happy  
to meet their father  
and their holy ghost

This life must be  
A Hell for them  
So, we can help them  
in their pain

They must live among us,  
who believe in no God

They must follow our laws  
even they have their own

They can not do what they want  
and turn all to slavery

If they kill for their God  
you must understand

They only do the deeds  
that he wants

They only walk the path  
that he shows

They must live among us,  
who believe in no God

They must follow our laws  
even they have their own

They can not do what they want  
and turn all to slavery

If they kill for their God  
you must understand

Drop the bomb  
Kill them all

Corps of doom  
Armageddon

Into death  
I have sworn
