

# Don't Release Me

Gloria Estefan

A one two a one two, yeah yeah  
Yeah yeah, yeah  
I'd like to introduce to you  
Wyclef Jean with Gloria Estefan  
When the Cubans meet the Haitians and Sicilians  
Hold your corner, hold your corner  
For the thugs who've ever been in love

Hey, yo, this one goes out for the Cuban kings and queens  
You ever fell in love with a pretty serpentine?  
I met her at the club, yes down with my pager  
Asked her what's her name, she said Gloria  
Where you from? Cuba  
What do you do? I'm a singer  
I pulled out my stash  
She said, are you a dealer from Havana?  
No, no  
Yo, can I buy you a tequila?  
She said, hell no, I'll take a pina colada  
Now with one drink, I'll put her in a spell  
I'm huntin' the kid  
Like a cheetah hunts a gazelle  
I know it's wrong, but I'm waitin' for her mistake  
So I can take over like the Devil's advocate

Please don't release me, don't release me  
From this spell you got me under, I said  
Please don't release me, don't release me  
From this spell you got me under  
I can't let go, I can't let go  
Got to hold on to you, baby  
Got to hold on to you now

Ooh, you make me feel like I could lose control  
I'm gonna lose it right now  
Wanna show you what love can do  
Oh I feel like I am walkin' in the clouds  
Don't wanna come down again  
Let go, oh no

Ooh, ooh, ooh, ooh, ooh  
Please don't release me, don't release me  
From this spell you got me under  
Uh, uh  
Got to hold on to you, baby  
Got to hold on to you now

Show me how to find the way to paradise  
You can take me there  
Want to be the only lover in your life  
Ooh baby, don't release me  
I got this feelin' that I can't explain  
Don't you know I feel like I could rise above the ground  
Don't wanna come down

Please don't release me, don't don't release me  
From this spell you got me under

Uh, uh  
Hold on to you, baby  
Got to hold on to you now
