

## Words Get In The Way

Gloria Estefan

I realise you're seeing someone new  
I don't believe she knows you like I do  
Your temperamental moody side  
The one you always try to hide from me

But I know when you have something on your mind  
You've been trying to tell me for the longest time  
And before you break my heart in two  
There's something I've been trying to say to you

But the words get in the way  
There's so much I want to say  
But it's locked deep inside  
And if you look in my eyes  
We might fall in love again  
I won't even start to cry  
And before we say goodbye  
I tried to say I love you  
But the words got in the way

Your heart has always been an open door  
But baby I don't even know you any more  
And despite the fact it's hurting me  
I know the time has come to set you free

But the words get in the way  
There's so much I want to say  
But it's locked deep inside  
And if you look in my eyes  
We might fall in love again  
I won't even start to cry  
And before we say goodbye  
I tried to say I love you  
But the words got in the way

I'm trying to say I love you  
But the words get in the way
