

# I Said Yes

Gloria Gaynor

Wowow, hahahaha, yehehehe!  
He was bad, he was clean  
Dressed to kill that is wrapped on me  
I can't kill, coz that's all I understand Wowow  
He was gone, left me blue  
We both know how long we've been through  
What Am I?  
Convenient love for you! Wow!  
Yes, no! It hurts me so  
Heart is weak, but mind is gone  
Do you dance?  
What is life without a sweet romance  
I took a chance and I said yes  
At time when I needed love  
I opened my heart  
Let it all in  
I lived the dream hey  
I love the wonder  
I said yes  
Where it goes?  
Honey no one knows  
Now I'm free  
To finally meet true happiness  
And so, I confess I said yes  
Must confess  
He'd say yes  
I said Y-E-S  
Wowow  
With my heels  
Had some fun  
Dance and dance  
Till the morning sun  
It's so good  
When love flows like it should  
Watch me by fly  
Fast and high  
Far away from the tears I've cried  
Tears that prove  
We live in an awful groove  
I made a move and  
I said yes  
And at time when I needed love  
I opened my heart  
Let it all in  
I lived the dream hey  
I loved the wonder  
I said yes  
Where it goes?  
Honey no one knows  
Now I'm free  
To finally meet  
True happiness  
And so I confess  
I said yes  
He'd say yes (He'd say yes)  
I said yes  
Oh, I said Y-E-S

I took a chance  
And I said yes  
And at time when I needed love  
I opened my heart  
Let it all in  
I lived the dream hey  
I loved the wonder  
I said yes!  
Oh, oh, I said yes!  
And at time when I needed love  
I opened my heart  
Let it all in  
I lived the dream hey  
I loved the wonder  
I said yes!
