Let's Mend What's Been Broken

Gloria Gaynor

We started out with a new love
And we thought we had more control
And as it turned to an old love
Bad times started to unfold

Now I don't want to let you go
And I don't want it to ever end
So if feelings have been torn
And if hearts have been broken
Let's put it back together again
Ooh, we've got to

Let's mend what's been broken
You and me, me and you
Let's mend what's been broken
Ooh, yeah

Now, I'm not ready for new love
'Cause you make my life so complete
And if there's any problem
I know we won't suffer deeply

'Cause I don't want to let you go
I don't want it to ever end
So if feelings have been torn
And if hearts have been broken
Let's put it back together again
Uh-huh, we've got to

Let's mend what's been broken
Me and you, you and me
Let's mend what's been broken
Ooh, yeah

Don't throw it all away
Let's keep this love in every way
Mend my heart, my achin' heart
The thought of a brand new start
Tears me all apart

The love we've got, don't let it end
We can put it back together again
(And let's do it)
(Let's do it)

Let's mend what's been broken
(Let's get to it)
Let's mend what's been broken
(Let's get to it)

(Let's do it)
(Let's do it)
(Let's do it)
(Let's do it)
(Let's do it)
(Let's get to it)

Let's mend what's been broken
(Let's get to it)
You and me
Let's mend what's been broken
(Let's get to it)
I know our love has got to be

Let's mend what's been broken
(Let's get to it)
You and me
Let's mend what's been broken
(Let's get to it)
I know our love has got to be
