

Make me Yours

Gloria Gaynor

Make me yours
Make me part of your life
We'll be as right as two can be
You need someone make it me, make me yours
Let it be man and wife
Yours is the hand that fits the glove
Make me happy I'm in love, oohhh
Make me yours
You can trust me, I'll be there
Hold hands and make a brand new start
Here's my love just take my heart, oooohhh
Make me yours
We're so right oh make me yours
Let's take time for always and then let's do it again
Should you see any other potential lover
Shoo her away and make me yours
I said right now said right now said right now
Baby, baby, make me yours
You can trust me, I'll be there
Hold hands and make a brand new start
Here's my love just take my heart, oooohhh
Make me yours
Let's take time for always and then let's do it again
Should you see any other potential lover
Shoo her away and make me yours
I said right now said right now said right now
Baby, baby, make me yours
Make me yours
Make me part of your life
We'll be as right as two can be
You need someone, how about me oohhh
Make me yours
Let it be man and wife
Yours is the hand that fits the glove
Make me happy, I'm in love oohhh
Make me yours
You can trust me, I'll be there
Hold hands and make a brand new start
Here's my love...
