

Secret Ride to Rebellion

Glorior Belli

Or She-Yesh Bo Mahshavah!
Beacon of the night side
(Archetype of anti-existence)
Counter light of the vile creation,
Degeat the lies of cosmic existence!

The essence of our souls
Stems from the abyss of evil
In accordance with the dark gods
We manifest our true nature,
And summon the thought-less light,
In outbursts of forbidden wisdom!

The essence of our souls
Resembles an angry wolf
At night when evil dreams in swarms
Intensify our true nature,
We summon the thought-less light,
In outbursts of acosmic prayers!

We call upon thee,
Lucifer! Antinomian father
Enlighten the acavsal path,
On a secret ride to rebellion!

We call upon thee,
Azrael! O horned one
Awaken the fiery self,
On a secret ride to rebellion!
