

# The Darkest Fear

Glory Opera

If I walk at night no insolent  
Stare into my eyes  
'Cause these they'll see  
Frightening sparks  
Twisting their souls  
No way to be safe from my  
Mind  
I have seen no mortal man  
Who's ready to be free  
Hear my voice  
And just my scary voice

Who will dare to cross  
My destiny and provoke me?  
There is only one  
Shaman like me, try to face this

Show me your darkest fears  
I'm the worst of them  
With my sorcery  
I will rule this land  
I am every tree  
Crawling clouds of rain  
I will be the snake's poison  
That kills your silently

That's my intention,  
That's my kingdom  
There is only one  
Shaman like me, try to face this
