

Ocean Blade

Gloryful

Whisper her name
She dominates the sea
Queen of the ocean, outlasts history
Breaking waves
Glory on board
A spark of hope, ignites a fearful heart

Sailing the seven seas
The only hope for freedom
Ocean Blade

Come on, cast off
There's no turning back
One fate for all
Be prepared for the attack
One for all - and all for me
And I want death for the goddess of the sea

Whisper her name
She dominates the sea
Queen of the ocean, outlasts history
Breaking waves
Glory on board
A spark of hope, ignites a fearful heart
